

MVT Fundamentals

March 22-23, 2021
Virtual

Course Directors: José Luis Pomar & Steve Livesey

Registration opens on February 15:

<https://webtv.edwardseducation.com/>

Edwards

MVT Fundamentals

Course Directors: José Luis Pomar & Steve Livesey

Presentations available on March 15

To benefit from the entire course it is compulsory that all participants view all the videos prior to the live course

A) Anatomy and prevalence of mitral and tricuspid valve incompetence

- The mitral and tricuspid valves:
Don't tell me you forgot the anatomy!
- Mitral and tricuspid regurgitation:
A high prevalence all over the world
- The Carpentier's types of mitral insufficiency

Steve Livesey

Marta Sitges

José Luis Pomar

B) Imaging

- My six favourite views of the mitral by echo
- Further image for diagnosis of MR
- SAM: Tell me how to recognise it and manage?

Alain Berrebi

Caroline Van de Heyning

Steve Livesey

C) Planning and starting a mitral valve repair

- Valve analysis: My way is easy and, please, do not forget it!
- The different techniques of mitral valve annuloplasty

Patrick Perier

José Luis Pomar

D) Degenerative MR

- The spectrum of degenerative mitral regurgitation
- The surgical management of a mitral prolapse

José Luis Pomar

Gilles Dreyfus

March 22-23, 2021

Virtual

Monday, 22 March 2021 | 14:00 - 17:20 CET

14:00-14:05	Welcome	<i>Edwards</i>
14:05-14:10	Objectives from the Course Directors	<i>José Luis Pomar & Steve Livesey</i>
14:10-14:20	Be smart and get the online advantage education	<i>Marta Sitges</i>

Session 1 The different techniques to treat mitral valve disease

Moderators:
José Luis Pomar & Steve Livesey

14:20-14:30	The standard mid-sternotomy and its variations	<i>Steve Livesey</i>
14:30-14:40	MIMVS: Endoscopic approach	<i>Patrick Perier</i>
14:40-14:50	Robotic Surgery: Any added value?	<i>Daniel Pereda</i>
14:50-15:00	Percutaneous catheter therapies	<i>Josep Rodés</i>
15:00-15:30	Interactive cases & debate: Which technique for which patient	<i>Alain Berrebi & All</i>
15:30 - 15:40	Coffee break	

Session 2 Functional MVR: The various ways to approach it

Moderators:
Michael Borger & Marta Sitges

15:40-15:55	Functional MR: Surgical approach (repair and replacement)	<i>Michael Borger</i>
15:55-16:10	Functional MR: Percutaneous approaches today	<i>Josep Rodés</i>
16:10-16:25	Best 2020 publications on mitral functional regurgitation	<i>Jeroen Bax</i>
16:25-16:50	Interactive cases & debate: FMR percutaneous vs surgery – who is the winner?	<i>Marta Sitges and All</i>
16:50-17:10	Keynote: The Heart Team 2021: Still a myth or a reality?	<i>Jeroen Bax</i>
17:10-17:20	Conclusions and closing	<i>José Luis Pomar & Steve Livesey</i>

MVT Fundamentals

Course Directors: José Luis Pomar & Steve Livesey

Tuesday, 23 March 2021 | 14:00 - 17:15 CET

Session 3 Degenerative I: Surgical techniques - how do I repair the mitral prolapse?

Moderators:
Gilles Dreyfus & Jolanda Kluin

14:00-14:05	Welcome again	José Luis Pomar & Steve Livesey
14:05-14:15	P2 prolapse most common, but not always easy to repair	Nikolaos Bonaros
14:15-14:25	Repair a mitral prolapse with native and artificial chords	Gilles Dreyfus
14:25-14:35	Barlow: Any news for a classically complex treatment?	Patrick Perier
14:35-14:45	I have to decide between respect and resect	Jolanda Kluin

Session 4 Degenerative II: Learn even more

Moderators:
Jeroen Bax & Patrick Perier

14:45-14:55	When you are not satisfied with the repair, what can you do?	Steve Livesey
14:55-15:05	Beating Heart Mitral Valve Procedure	Andreas Liebold
15:05-15:20	Is the P2 prolapse repair going to be only percutaneous in the future?	Victoria Delgado
15:20-15:45	Interactive cases & debate: What is the best technique to repair a DMR?	Patrick Perier & all
15:45 - 15:55	Coffee break	

Session 5 The tricuspid challenge

Moderators:
José Luis Pomar & Steve Livesey

15:55-16:05	Tell me in 10 min the most important things about tricuspid surgery	Gilles Dreyfus
16:05-16:15	Late or delayed tricuspid repair: Should the repair be always percutaneous	Paolo Denti
16:15-16:45	Interactive cases & debate: How to best repair the tricuspid incompetence?	Nikolaos Bonaros & all
16:45-17:05	Keynote: Should the cardiac surgeons do surgery and transcatheter procedures?	José Luis Pomar
17:05-17:15	Taking home messages and adjourn	Steve Livesey
